

Quality Policy

The Company aims to be the preferred supplier to its customers by meeting and satisfying customer requirements via a process of continual improvement. Quality is built in during product design and maintained during production and after-sales service.

The Company operates and maintains a Quality Management System in accordance with ISO 9001:2008 and BSEN 13980:2002. The processes which underpin our business are subject to continuous monitoring, review and improvement.

The Company has a policy of employee training and personal development to maximise the contribution of all employees to the achievement of the Company's objectives.
